It is difficult at present to state the full amount of damage to town property caused by the November third and fourth floods. The report of the Road Commissioner shows he has already paid out $2,431.19 in repairing highway damage and he estimates that it will require about $5,700.00 additional to complete this work. One of the large items is that of the new road now being built over Powers Hill to replace the section of North Street which was washed away. The extent of the damage to bridges, sidewalks and drains cannot very well be determined until Spring. We expect to receive aid from the State sufficient to practically cover the cost of the flood repair work necessary on the highways and bridges.

A part of the permanent highway appropriation was used to increase the width of the roadway in the Village Square. This should materially improve traffic conditions. Asphalt gutters were built along the concrete road from the Memorial Building to the Fire Station. This we believe is an expenditure well worth while.

The Memorial bridge, except for the west approach, does

not appear to have suffered any flood damage. Although the open water-way under this bridge is greater than it was under the old covered bridge which it replaced, the flood has brought up the question of whether or not this open water-way should be increased. A study of this situation is now being made. It has been definitely decided to repair the Double Road bridge, but as yet no decision has been made in regard to the Gorham bridge.

During the year the marble sidewalk in front of the hospital was repaired and a section of new asphalt sidewalk 605 feet in length was built on South Street. We are grateful to Mr. Mortimer R. Proctor for a new sidewalk on Oak Street, 1,200 feet in length, built entirely at his expense.

The Treasurer's books show that we closed the year with an unexpended balance of $2,111.74 in the General Account, a deficit of $2,591.24 in the General Highway and an unexpended balance of $1,422.69 in the Permanent Highway Account. Due to the unforeseen expenditures required to repair flood damages we were unable to make any payment to reduce the temporary loan of $5,000.00 carried over from last year.

We have omitted in the Town report for this year to list in detail each of the various orders drawn by the Selectmen, Overseer of Poor, and Road Commissioner. These records are on file with the Town Treasurer and are available to any taxpayer for inspection.

H. W. JOHNSON,
N. C. PETERSON,
D. W. McGARRY,
Selectmen.

Widening Main Street and constructing gutters and curb constituted the permanent work. This work while not entirely completed has been closed with the state at a total expense of $1,881.31, about equally divided between the gutters and widening portions. The drainage system is still to be taken care of and $523.23 is invested in pipe for this work. A small amount as shown was expended on an uncompleted job to take care of soft holes in Florence Road, by stone fill and drainage.

## RESURFACING

The greater portion of the East Road was given a light application of Tarvia B at a total cost of $796.15, of which the State paid $530.77 and the town $265.38. About the usual amount of repair work was done amounting to approximately $200.00.

About 3-4 miles of selected highway No. 2 was reshaped and resurfaced with gravel at a cost of $1,279.85 of which the state

paid $853.23 and the town $426.62. A crushed stone base was laid under the gravel over some soft places and drainage improved.

## DUST LAYING

The policy of a pretty general application of chloride was continued for the heavier traveled streets. The cost as reported covers only the actual cost of material and application; a total of $589.02, of which the state and town bore equal shares. There is no chloride being carried over.

## UNSELECTED ROAD CONSTRUCTION

The unselected road money was spent by consent of the state on Pleasant Street this year. Not all work planned was completed due to a break-down in machinery. The State aided to the amount of $260.17, the balance of $480.03 of the total of $740.20, being borne by the town.

## FLOOD REPAIRS

To date $2,431.19 has been spent in flood repairs. Claims have been entered with the state for this amount. In most cases there is still much to be done before the damaged places are again normal and in some cases it will be impractical to restore things as they were. New construction or relocation must be resorted to. No estimate of the additional cost can be given at this time since it cannot be told yet how the temporary work done will show up after the frost is out.

## MISCELLANEOUS

The unusual wetness of the season made the maintenance costs rather high. Much patching had to be done and the ditches and culverts given special attention. A serious attempt was made to improve drainage by reshaping much of the road and cutting off the shoulders which had become high. Williams Street and much of East Street which are trucked over a great deal were resurfaced with gravel. Considerable work was done early in the season filling mud holes. The season as a whole was nearly two months longer than usual, which explains partly at least the larger expense.

D. R. MAHAFFY,
Road Commissioner.

## AUDITORS' REPORT

We have examined the accounts and vouchers of the Selectmen, Road Commissioner, Overseer of the Poor and Treasurer of the Proctor Free Library, also the various accounts of the Town Treasurer for the year ending January 31, 1928. We have checked all the accounts showing income and expense back to the original entries and have satisfied ourselves that the same are correct in every particular. The financial condition of the Town is as follows:

| | |
|---|---|
| Due from collector, 1925 general account | $50 |
| Due from collector, 1925 highway account | 25 |
| Due from collector, 1926 general account | 195 04 |
| Due from collector, 1926 highway account | 81 27 |

| Due from collector, 1927 highway account | 77 75 |
| Surplus in general account | 2,111 74 |
| | $2,660 93 |
| Net liabilities January 31, 1928 | 4,987 87 |

In addition to the above there is a balance in the Permanent Highway fund of $1,422.69 which cannot be used for any but highway purposes and cannot be classed as an asset in reduction of debt.

The net liabilities of the town for the year ending January 31, 1927, were $5,228.29, showing therefore a decrease of liabilities January 31, 1928, of $240.42. Moreover a bill has been rendered by the selectmen to the state on flood damage to the amount of $2,431.19 which there is good reason to believe will be paid.

Amount to be provided by town tax we estimate as follows:

| | |
|---|---|
| For payment on temporary loan | $1,500 00 |
| Interest | 300 00 |
| Appropriation for Proctor Free Library | 1,600 00 |
| Expenses of keeping the poor | 3,000 00 |
| Flood repair | 2,000 00 |
| Current expenses | 2,600 00 |
| Transfer to highway account | 1,000 00 |
| | $12,000 00 |

We recommend a tax of 40 percent for town expenses, 25 percent for town highway and the following state taxes: 7½ percent general state, 10 percent state school and 5 percent state highway.

W. M. FAY,
C. W. SISCO, Auditors.

## REPORT OF HEALTH OFFICER

The following table shows the number of families quarantined for, and the number of cases reported of each of the contagious diseases occurring in Proctor since February 14, 1927:

| | Quarantined Families | Reported Cases |
|---|---|---|
| Scarlet Fever | 2 | 3 |
| Poliomyelitis | 1 | 1 |
| Whooping Cough | 2 | 5 |
| Measles | 8 | 13 |
| German Measles | 1 | 1 |
| Chicken Pox | 10 | 21 |
| Mumps | 80 | 203 |

There were no deaths attributable to any of the above diseases.

During the ravages of the flood in November, the drinking water in the north section of the town became polluted. People living in that district were asked to boil water used for drinking purposes, and were advised to have typhoid inoculations. These inoculations were given at the Cavendish House. And it was due to the hard and persistent work of the staff of that institution that we are able to make so commendable a report on the results.

The following data is from the Cavendish House records:

| | |
|---|---|
| Number of adults taking first dose | 360 |
| Number of adults taking second dose | 330, or 91.7% |
| Number of adults taking third dose | 311, or 86.4% |
| Number of infants taking first dose | 55 |
| Number of infants taking second dose | 41 |
| Number of adults taking third dose plus the number of infants taking number of doses advised | 366, or 88.2% |
| Total number of persons treated | 415 |
| Total number of inoculations given | 1,097 |
